### Notice on Water Surface Area of USFJ :Tori Shima Range, Idesuna Jima Range and Kume Jima Range

- Recent years, USFJ confirmed encroachments by civilian boats into the water surface area including Tori Shima Range, Idesuna Jima Range and Kume Jima Range, which interferes U.S. Force's training and may cause serious accidents in the near future as these areas contain training and operations. Therefore, please be informed that an owner/operator of civilian boat should carefully ensure the location of water surface area once again before leaving port in order to prevent any occurrence of encroachment.
- ※ Regarding unauthorized entry into USFJ Facilities and Areas including Water Surface Area, the action may violate the relevant law.

#### 【Location Map】

NOTE: Red Area indicates Water Surface Area.

#### 【Overview of Each Range】
